**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking Regarding Policies,
Procedures and Rules for the California Solar Initiative,
the Self-Generation Incentive Program and Other
Distributed Generation Issues.

Rulemaking 06-03-004
(Filed March 2, 2006)

MOTION TO BECOME A PARTY

Pursuant to Rule 1.4(b) of the Commission's Rules of Practice and Procedure, Récolte Energy moves to become a party in the above-captioned proceeding for the purpose of addressing ownership of renewable energy credits (RECs).

I. BACKGROUND ON RECOLTE ENERGY

Récolte Energy is Napa Valley based energy consultancy developing renewable energy (including solar) projects primarily for wineries such as Chateau Montelena, Far Niente, Nickel and Nickel, Saintsbury, and Trinchero Family Estates.

II. BASIS FOR INTERVENTION

Récolte Energy is interested in participating in this proceeding because it helps its clients become economically, socially, and environmentally sustainable businesses, by implementing energy conservation, efficiency and generation (ESPECIALLY SOLAR) solutions. A major stumbling block for wineries interested in

installing solar electric systems is the cost (even after rebates, tax credits, accelerated depreciation, etc.) Accordingly, determination of the impact that receipt of incentives will have on REC ownership directly impacts the interests of Récolte Energy clients. To this end, it is Récolte Energy's intent to participate fully in all areas of the proceeding as necessary. Récolte Energy's intervention and participation before the Commission will address issues contained within the defined scope of this case and Récolte Energy does not believe its intervention will cause the broadening of any issues raised by this rulemaking proceeding.

III. SERVICE

Pleadings and other communications in connection with this proceeding should be served to:

President

3901 Lake County Highway

Calistoga, CA 94515

Telephone: (707) 480-1960

Facsimile: (888) 561-9002

Email: gopal@recolteenergy.com

IV. CONCLUSION

For the reasons stated above, Récolte Energy respectfully asks that it be granted leave to intervene and participate as a party in R.06-03-004.

Respectfully submitted this 13th day of November, 2006 at San Francisco, California.
